FOR IMMEDIATE RELEASE

Self Tucker Architects Celebrates 10 Years of Excellence

Self Tucker Architects, Inc., Memphis, TN – This progressive and award-winning architecture, planning and interior design firm celebrates its 10th anniversary on September 18, 2005. A celebration party is planned for Saturday, October 8, 2005 from 6-9 pm at STAX Museum of American Soul Music, 926 E. McLemore Avenue, Memphis, TN 38106.

Founded by principals Juan R. Self, AIA and Jimmie E. Tucker, AIA in 1995, the firm has grown from a two-man office to become the seventh largest architectural firm in Memphis (*Memphis Business Journal 2005 Book of Lists*). The staff of 23 includes registered professionals in the areas of architecture, engineering and interior design.

The firm's passion for downtown redevelopment and neighborhood revitalization spurred its 2002 move to the historic South Main district in downtown Memphis. Participation in many of the city's most recent civic projects -- FedExForum, STAX Museum of American Soul Music & Academy, National Civil Rights Museum Expansion, MATA Trolley Expansion, to name a few – has allowed Self Tucker Architects to make a difference in the architectural landscape and quality of life in Memphis.

Other clients include LeMoyne-Owen College, Hill Chapel Baptist Church, Memphis City Schools, Shelby County Schools, City of Memphis, Shelby County Government, Memphis & Shelby County Airport Authority, Tennessee Air National Guard and MHA.
